

Are you working towards implementing dashboard metrics at your organization? Or are you a skilled dashboard user looking to fine-tune or re-think your existing dashboard metrics? No matter where you are in the dashboard metric process, this white paper can help.

The Dashboards for Nonprofits White Paper highlights:

- Tips for the new dashboard user,
- Worksheets for developing key dashboards by job function,
- The data needed to generate the dashboards you want/need to see,
- Tools needed to deliver the dashboards your organization relies on, and
- Guidelines to ensure data security.
