This LIVE webinar, **Going Green and Saving Green: Operating a Paperless Nonprofit**, identifies systems, procedures and technology your organization can benefit from to minimize the time and resources used everyday to copy, distribute, find and process the information that comes into, passes within, and exits your organization. Common examples include:

- Internal and board reporting
- Donation processing
- Accounts payables
- Internal communication
- Employee action forms
- And much more

“Taking the communication we are all familiar with and creating a paperless nonprofit leads to benefits that transcend beyond the walls of any nonprofit,” explains Peter Stam, AccuFund president. “ This webinar will show nonprofits how to save time, money and resources with their organization’s technology.”
