Presented by: Armond Schroeder, *President of Schroeder Consulting Service* & **Michael Anthony**, *Regional Manager at AccuFund*

Schroeder Consulting Service (SCS), a technology-based consulting firm, addresses the needs of nonprofit, educational and governmental organizations. For over 45 years the firm has helped these organizations boost productivity, lower operating costs, improve service, administer cash, and effectively manage marketing, accounting, human resource, payroll and other business activities. Schroeder Consulting Service provides consulting, implementation and support services in a variety of areas. SCS is an AccuFund business partner.

Sponsored by: AccuFund

AccuFund, Inc. provides top-rated financial solutions designed specifically for nonprofit and government entities, available as cloud (software as a service) or on-premise. The Accounting Suite includes all modules organizations expect, plus specialized modules such as Client Accounting, Grants Management and Allocations designed specifically for NPOs and Utility Billing and Taxes, Fees and Licenses for governments.

AccuFund's products are available exclusively through Value Added Resellers (VARs) located throughout the United States. The VARs provide AccuFund's customers with cost-effective onsite training and installation assistance.
