

AccuFund today announced the availability of Version 6.02 of the AccuFund Accounting Suite. With this latest release, AccuFund builds on its popular user interface

and offers new industry leading features that streamline and enhance government and nonprofit operations.

“It’s important in today’s ever-changing software landscape that our clients and prospects know we are always working to improve the financial/ERP system they rely on,” explained Ian Scotland, general manager and vice president of AccuFund, Inc. “In addition to new modules, thus far in 2018 we have made over 230 enhancements and upgrades to our system.”

Version 6.02 highlights the following new additions now available with the AccuFund Accounting Suite:

- AccuBot
- Business Rules
- Programs Module
- Leave Management
