

AccuFund Extends Availability of Its Online and Onsite Solutions to New York Municipalities with Addition of New Certified Reseller Partner.

AccuFund, Inc., provider of financial reporting and accounting software for nonprofit, municipal and government organizations, today announced a reseller partnership agreement with EFPR Solutions, LLC in Rochester, NY, a professional services firm outsourcing accounting services to municipalities, small businesses and nonprofits. An affiliate of EFPR Group, LLC, a large regional CPA firm, EFPR Solutions will focus on offering the online version of the AccuFund Accounting Suite to clients across New York State. EFPR Solutions will provide complete product implementation, training and support as well as accounting support.

“We have an increasing need to get our clients on a cloud-based, easy-to-use accounting platform that can handle fund accounting, grant accounting, multiple budgets, and other critical accounting tasks,” said Michael Doody, partner, managing principal at EFPR Solutions, LLC. “AccuFund has proven to be a solid solution for our municipal clients’ accounting needs. The company has accountants on staff, not just IT programmers, so they are able to understand complex accounting issues and help us figure out ways to use the AccuFund Accounting Suite to address client challenges. AccuFund listens to our input and is committed to helping us provide the best tools to support our clients.”
