**AccuFund Announces 1st National User Conference:
The AccuFund Summit for Nonprofits & Government.**

Intensive learning for users from the experts who develop, train and support their AccuFund solution.

Needham, MA – March 14, 2017 – AccuFund announces its first national user conference, **The AccuFund Summit for Nonprofits & Government, Ascending to New Heights**, will take place October 23 – 25, 2017, in Centennial, Colorado. The 2-1/2 day event will provide AccuFund users with intensive learning from the experts who develop, train and support their AccuFund solution.

The AccuFund team is dedicated to enhancing its products to always be the best choice for nonprofits and government financial managers. AccuSum2017 is designed to enrich our user's knowledge of AccuFund applications, reporting capabilities and technology.

Attendees are able to customize their own conference schedule by selecting from learning sessions from (3) main areas:

- Reporting Track
- Application Track
- Technology Track

AccuFund's National User Conference is in addition to the current AccuFund training offerings of regional user group meetings, report writer trainings and online programs. "Our goal is to help our users get the most out of their AccuFund accounting system; enabling them to increase their proficiency with the system helps improve their productivity. And that in turn means they have more time for strategic thinking and planning," explains Peter Stam, AccuFund president. "The opportunity for our users, as well as our experts, to come together in one location and create a rich learning experience, is very exciting. We look forward to helping our users position themselves and their organizations/agencies for ongoing growth and mission fulfillment."

AccuFund users may register for **The AccuFund Summit for Nonprofits & Government, Ascending to New Heights**, by visiting the website, www.accufund.com/accusum2017.

About AccuFund

AccuFund, Inc. is a nonprofit financial improvement systems specialist. AccuFund uses award-winning financial software, consulting services and industry best practices to help organizations streamline processes, improve efficiency and lower costs. Their nonprofit financial solutions are available on-premise or cloud-based.

AccuFund provides scalable accounting software systems to nonprofit organizations and government agencies. AccuFund's products are available exclusively through Value Added Resellers (VARs) located throughout the United States. The VARs provide AccuFund's customers with cost-effective onsite training and installation assistance.
