AccuFund Receives Top 5-Star Rating from CPA Practice Advisors.

AccuFund Accounting Suite Honored with Top Marks for Scalability, Core Functions, Deployment Options, Reporting, Integration and Support.

Needham, MA, September 28, 2017 – AccuFund, Inc. (www.accufund.com), a nonprofit financial improvement specialist, received the 2017 5-Star Rating from CPA Practice Advisors. CPA Practice Advisors assessed AccuFund’s Nonprofit Accounting System in the areas of basic system functions, core fund accounting capabilities, add-on module selection, financial statements and reporting, integration, and support.

CPA Practice Advisors describes, “AccuFund is an excellent option for the mid-sized nonprofit organization that is looking for a product that can grow along with their organization. Conveniently, both on-premise and cloud-based versions of the product are available, and AccuFund Anywhere is a good solution for the smaller nonprofit that is looking to move away from off-the-shelf software to a more robust system.”

Product strengths detailed in AccuFund’s 5-Star Review include:

- Both on-premise and cloud/online version available
- Strong set of core modules
- Robust selection of add-on modules
- Seamless integration with Salesforce for fundraising/development activity

Additional highlights of AccuFund’s 5-Star Review include:

- “Easily handles multiple transaction types, including grant and project budget entries, budget revisions, allocations, encumbrances, memo entries and closing entries.”
- “AccuFund can easily handle multiple budget types, including financial, grant and project budget.”
- “Report templates are available for a variety of report types including Trial Balance, Balance Sheet by Fund, Combining Balance Sheet, Revenue and Expenses, and Statement of Cash Flows, along with others. All reports created in AccuFund can be viewed on screen, printed, emailed directly to recipients, exported to Excel or as a CSV file, or saved as an HTML file or PDF.”
- “AccuFund offers system users a variety of help options including a variety of system wizards, webinars, on-site training, train the trainer training, and a variety of product videos designed to provide a system overview.”
