## **AccuFund Awarded 5-Stars in CPA Practice Advisors' Nonprofit Accounting Systems Review.**

***AccuFund's Online and Onsite Accounting Suite Receives Top Marks for its Core System, Deployment Options, Reporting, Module Selection, Security, Integration and Support.***

Needham, MA, May 5, 2020 – AccuFund, Inc. ([www.accufund.com](http://www.accufund.com)), provider of online and onsite nonprofit and government financial/ERP management software, received a 5-Star Rating in CPA Practice Advisors' 2020 Non-Profit Software Review. CPA Practice Advisors assessed AccuFund's Nonprofit Accounting Suite based on core system capabilities, add-on module selection, financial statements and reporting, integration, security, and support.

CPA Practice Advisors describes, "AccuFund is best suited for mid-sized nonprofit organizations and government entities that are in the market for a modular system that can manage multiple funds and programs." AccuFund is available online or onsite, and users can purchase the modules they need, and add others at a later time.

AccuFund Accounting Suite includes excellent reporting options, with a Financial Report Writer available. Report templates are included, with the ability to customize the templates as needed. The application also includes nonprofit specific reports such as the Statement of Cash Flows, along with a combined balance sheet and trial balance."

Product strengths detailed in AccuFund's 5-Star Review include:

- Online or onsite deployment options,
- Modular structure and robust selection of add-on modules,
- Complete Payroll Suite,
- Automation Workbench automates tasks using data stored in modules,
- Solid reporting options,
- Strong budgeting capabilities, and
- Seamless integration with Salesforce for donor management tracking and other third-party applications.

Additional highlights of AccuFund's 5-Star Review include:

- "AccuFund supports multiple year-end closing, enabling users to manage a variety of programs and their related budgets."

- “All modules integrate seamlessly, with users able to import data from third-party applications as well.”
- “All AccuFund reports can be reviewed on screen, printed, emailed directly to recipients, or exported to Microsoft Excel or as a CSV file for additional customization. In addition, reports can also be saved as a PDF or HTML file.”
- “AccuFund offers a good variety of help and support resources online, with users able to access a searchable knowledgebase and support ticketing system, with both requiring a password to access.”

“We appreciate CPA Practice Advisors’ review of AccuFund Accounting Suite and are honored to receive their 5-Star Rating. We are grateful for the ongoing collaboration between our customers, value-added resellers and internal staff, that enable us to continue delivering a top-rated financial ERP management solution for nonprofits and local governments,” explains AccuFund general manager and vice president, Ian Scotland.

AccuFund’s core system includes complete general ledger for tracking all financial activity, along with A/P, A/R, Cash Receipts, Bank Reconciliation, and a Dashboard feature that is completely customizable.

Popular add-on modules include A/R with Inventory, Fixed Assets, Requisitions, Client Invoicing, Program Management, Purchasing with Inventory, Travel Management, Budget Development, Client Accounting, Representative Payee, and a complete Payroll Suite, including HR, an employee portal, time sheet entry, and tax management capability.

The optional Grants Management module can track all grant-related data including contacts, contracts, and due dates, while the Allocation Management module lets users allocate expenses properly, perform account reconciliations, and create and distribute budgets when necessary.

AccuFund also offers payroll clients a robust Web Portal for time sheet management, check requests, dashboards, reports, and more.
